Summary Insight

| Lens        | Insight                                           |
|-------------|---------------------------------------------------|
| Read        | summary supports current call                     |
| Implication | thesis still needs cleaner confirmation           |
| Watch Next  | watch catalyst 2026-08-05 and flow follow-through |
| Confidence  | medium / stale inputs                             |

Thesis Delta Brief

| Lens   | Read                                                                 |
|--------|----------------------------------------------------------------------|
| Status | Unavailable                                                          |
| Reason | No previous same-profile report artifact found for delta comparison. |

Signal Conflicts

| Conflict                                                   | Why It Matters                                               |
|------------------------------------------------------------|--------------------------------------------------------------|
| street upside exists while short pressure remains elevated | setup needs extra confirmation before conviction should rise |

Conflict Insight

| Lens        | Insight                                                                       |
|-------------|-------------------------------------------------------------------------------|
| Read        | signals not fully aligned                                                     |
| Implication | contradictions reduce sizing confidence even if the headline score looks fine |
| Watch Next  | watch whether price, relative strength, and flow start confirming each other  |
| Confidence  | medium / stale inputs                                                         |

Anomaly Watchlist

| Anomaly                             | Action                                                             |
|-------------------------------------|--------------------------------------------------------------------|
| volatility stability unusually weak | treat as exception path until it normalizes or confirms the thesis |

Anomaly Insight

| Lens        | Insight                                                           |
|-------------|-------------------------------------------------------------------|
| Read        | outlier conditions active                                         |
| Implication | tail events can dominate normal signal interpretation             |
| Watch Next  | watch whether the anomaly fades, persists, or starts moving price |
| Confidence  | medium / stale inputs                                             |

| What Changes The Call  | Hold / Neutral breaks if stop fails or catalyst path deteriorates |

Figure 1. Price Chart - Candlestick + SMA + Volume + RSI (1Y)

Chart Read: Shows the primary price trend, participation, and momentum backdrop.

Read: setup offers about 34.8% upside versus 21.1% stop distance. Why it matters: combines trend, participation, and execution levels in one view. Source: local market data · As-of: 2026-08-03

Figure 2. Risk Map and Execution Levels

Chart Read: Maps trigger, stop, and target levels into one execution view.

Read: payoff skew is favorable if trigger quality holds. Why it matters: makes trigger, invalidation, and target explicit. Source: technical indicators · As-of: 2026-08-03

Figure 3. Catalyst and Event Timeline

Chart Read: Shows when key corporate events and headline catalysts occurred or are upcoming.

Read: next event window centers on 2026-08-05. Why it matters: timing of catalysts drives path dependence for the setup. Source: SEC events + earnings + news · As-of: 2026-07-13

Figure 4. Score Mix Breakdown

Chart Read: Shows which technical sub-scores are carrying conviction and which remain weak.

Why it matters: shows which score drivers are carrying or dragging conviction. Source: technical scoring · As-of: 2026-08-03

Figure 15. Earnings Reaction

Chart Read: Shows how the stock has typically moved around earnings events.

Why it matters: event reaction history sets expectations into the next print. Source: earnings history · As-of: 2025-08-12

Figure 16. EPS Surprise History

Chart Read: Shows whether earnings have tended to beat or miss expectations.

Why it matters: surprise consistency helps separate narrative from execution. Source: earnings history · As-of: 2025-08-12

Figure 17. Annual Revenue & Net Income Trend

Chart Read: Shows the slope and consistency of top-line growth and profitability.

Why it matters: slope and consistency matter more than one quarter in isolation. Source: annual revenue history · As-of: 1970-01-01

NOTE

#### Definitions

| Topic                 | Note                                                                                                                                                                                                                                         |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Score Components      | Momentum, Trend, Mean Reversion, Bollinger, VWAP, Trend Strength, Vol Stability, Risk Adjusted, Drawdown, Volume Confirmation                                                                                                                |
| Flow Divergence Logic | Flow divergence compares 5D/20D price returns against cumulative major and retail net flow from local stock_flows; positive major flow with flat/down price flags accumulation, negative major flow with resilient price flags distribution. |
| Benchmark Selection   | Benchmarks prefer index membership and sector mapping from local security/index snapshots; current order SPY, XLF.                                                                                                                           |

#### Fallback Usage

| Dataset             | Handling                                | Severity |
|---------------------|-----------------------------------------|----------|
| actions             | actions dataset unavailable             | optional |
| fundamentals        | fundamentals dataset unavailable        | optional |
| options_summary     | options_summary dataset unavailable     | optional |
| sec_company_tickers | sec_company_tickers dataset unavailable | optional |
